

Company Introduction

HAIYANG LIBENLI METAL&TECH CO., LTD, headquartered in YANTAI, SHANDONG, It is about 80 kilometers away from Qingdao port.

Founded in 2015, Libenli is an enterprise with the qualification of import and export, integrating the design, production and trading. We mainly deal with metal processing, stamping parts, tool cabinet and hand machinery and so on. We can offer kinds of cabinets, stamping part, guards, racks, boxes, communication equipment fittings and building fittings, air-conditioner accessories as well as various metal parts. Since 2016, Libenli had been cooperated with national famous logistic companies to develop and manufacture high-quality lockers, such as delivery locker, refrigerator locker, barcode locker, RFID locker, APP locker, and charging locker etc.

We own the complete production equipment and machines such as punching machine, spring machine, CNC bending machine CNC shearing machine, hydraulic machine lathe, milling machine, grinding machine, drilling machine, electrophoretic coating, electrostatic powder spraying, etc. Meanwhile we have strong capability of the design, development and manufacture of moulds, With an area of 50,000 square meters and production capacity is 30000 units per year, we can provide the products according to the buyers' drawings and samples.

Automatic sheet metal cutting
全自动钣金切割

CNC bending machine/数控折弯机

Moulding/模具车间

Automatic welding Robots
全自动焊接机器人

Powder Coating Line/粉末涂装线

Electrophoretic coating Line
电泳车间

- Pneumatic punching machine
- Laser Cutting Machine
- CNC Punching Machine
- CNC Shearing Machine
- Resistance welding machine
- Automatic tapping machine
